INNOVATION GRANTS – WE INVEST IN YOUR FUTURE

PROPART SP. z o.o. based in Mianowice is realising the project entitled
*'Implementation of the innovative B2B system and its integration with the systems of PROPART's
three economic partners'*

within the framework of The Operational Programme Innovative Economy, Operation 8.2

Project realisation involves creating a new information system and its integration with the systems of Propart's three economic partners using Electronic Data Interchange standard in order to achieve maximum data authenticity and integrity. The system implementation shall increase Applicant's business process efficiency and improve economic cooperation with business partners. The project involves creating a brand new system consisting of modules, which will affect Propart's business process automation. Project duration: from 01.05.2011 to 30.06.2012.

Further information about the ongoing project can be obtained from Mr Michał Nokiel: mnokiel@propart.pl
